The Clark Flyer February 2010

Thanks to everyone that attended the meeting for Feb.

As we approach the start of a new flying season it is time to do a work day at the field so we can all enjoy the bene-

fits of the field, so set March 6th on your calendar so we can get as much accomplished as possible to make the site safer and more user friendly for all. There will be some new sign age being installed and some safety upgrades as well as general maintenance to the grounds. I am looking forward to seeing a lot of participation to prepare for the upcoming year.

Thanks for all the Broken Prop stories as it increases awareness of the safety and hazards of our hobby, so we can all learn from the mistakes of others, without making the same mistakes. But alas I am sure that some of us will

have to learn from the school of hard knocks, and follow thru with our own.

Again we must all patrol the AMA rules.

It is no fun to have to tell someone that they can not fly at our field, but without a current AMA card we do not want to endanger the loss of our field!! So it is very important that NO AMA NO FLY must be adhered to by all...

It is exciting to see a full calendar of events on the schedule for the upcoming months.

Remember as you go thru your closets and garages that in April we have a Show Shine and Swap meet.

Good time to show off some of our winter projects and get ideas and items for future projects.

Looking forward to seeing you at the field.

Mike

Meeting Minutes January 13th, 2010

Called to order at 7:30 by President Mike

Guests included Jay Dickhouse, Steve Walker, Terry Potter, Dave Cannon, John Cannon

Minutes from last meeting approved as posted on web site.

John Shirron filled in for Steve. All the bills have been paid. The last CD matured and has been placed in the savings account. We are receiving more membership renewals.

Tom gave a safety report. You must use your current membership card for 2010 on the board at the flying field. Grant asked about the amount of planes in the air at one time and flying in the correct pattern once in the air. Grant will submit a proposal at a later date.

President Mike is planning a field work party on Mar 6 at 9 am.

Dave Anderson mentioned that the first aid kit is wet. Tom will look into it and replace as needed. Dave also asked for \$40.00 to have a members only sign made and posted at the field. The motion was approved. Dave also talked about installing a safety fence at the field. This will be done at the March work party. Dave also talked about the pilot certification process. He will submit a form soon and then certification pilots will be appointed.

Dave Anderson also talked about the
